Albania (suspended)

CONCEPT OF A NATIONAL INTEGRITY SYSTEM

NIS – PUBLIC SECTOR ASSESSMENT

Dimensions	Indicators
Capacity	Resources (practice)
	Independence (law/practice)
Governance	Transparency (law/practice)
	Accountability (law/practice)
	Integrity Mechanisms (law/practice)
Role	Public education
	Cooperation with public institutions/CSOs/private agencies addressing corruption
	Safeguarding integrity in public procurement

NIS – PUBLIC SECTOR ASSESSMENT

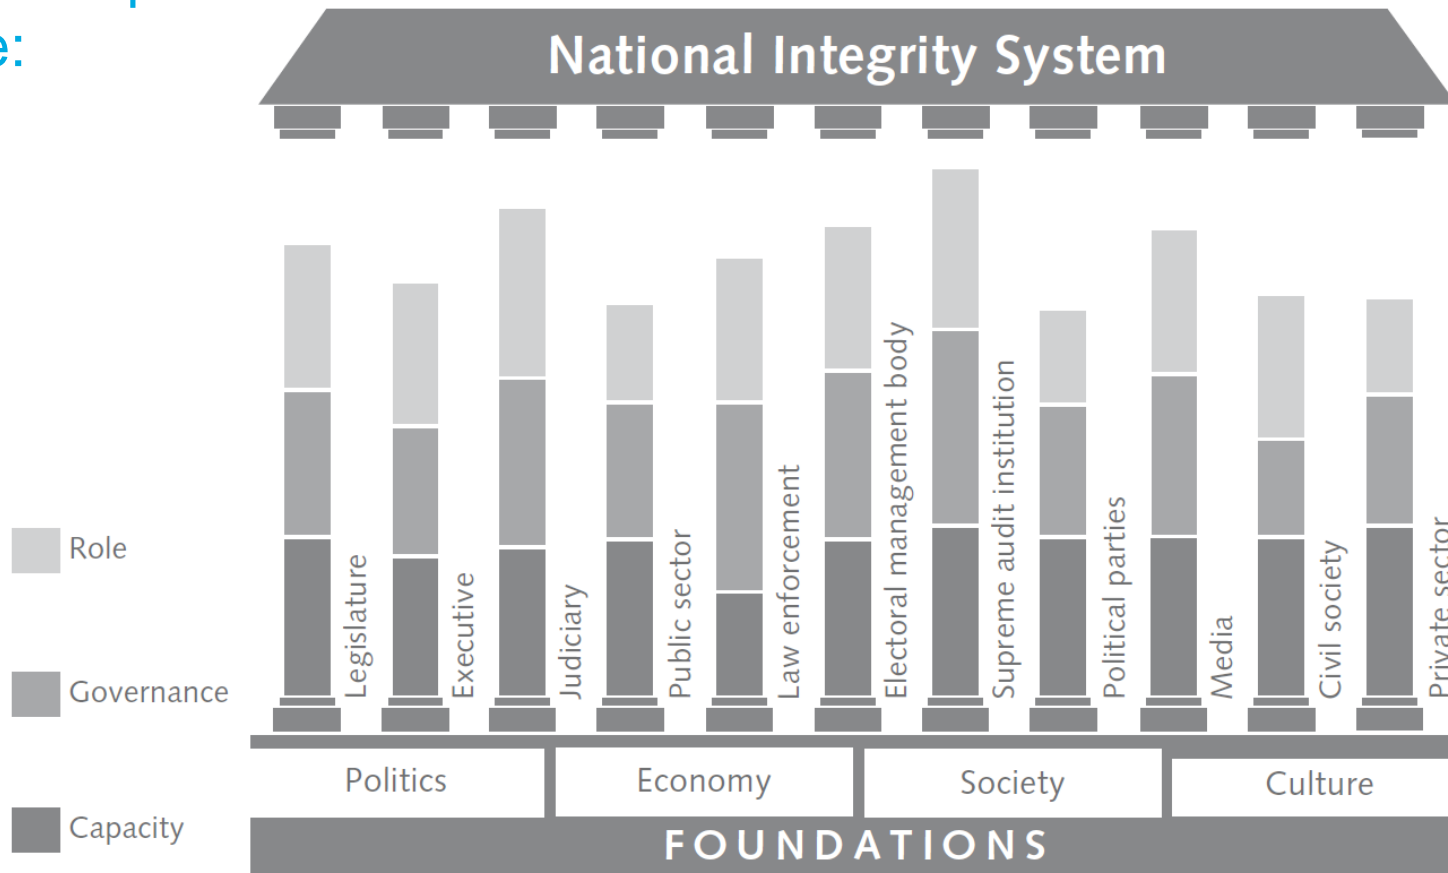

Pillar	PUBLIC SECTOR
Indicator name	Reduce Corruption Risks by Safeguarding Integrity in Public Procurement
Scoring question	To what extent is there an effective framework in place to safeguard integrity in public procurement procedures, including meaningful sanctions for improper conduct by both suppliers and public officials, and review and complaint mechanisms?
Guiding questions	www.transparency.org/files/content/nis/NISIndicatorsFoundations_EN.pdf
Minimum score (1)	No provisions are in place to ensure that the public sector performs its public procurement responsibilities in a lawful and ethical manner.
Mid-point score (3)	While some provisions are in place with regard to procurement, they are piecemeal and/or largely disregarded in practice.
Maximum score (5)	Extensive provisions are in place to ensure that the public sector performs its public procurement responsibilities in a lawful and ethical manner.

NATIONAL INTEGRITY SYSTEM OF GERMANY

Example:

NIS SLOVENIA, 2011

OTHER REGIONAL INITIATIVES

Upcoming:

- Tracking mechanism – tracking NIS recommendations and general Anti Corruption progress

Former:

- CIMAP => public administration, legislature and judiciary
(TUR, ALB, MK, KOS)
- CRINIS => transparency in political party financing, incl. elections
(ALB, CRO, KOS, MK, SER) ...*global tool*
- Monitoring strategic public procurements (attempt)

THANK YOU!

Cornelia Abel, Regional Coordinator South East Europe
